CHANDANA C KAMBALI

Motivated pre-final year student pursuing Artificial Intelligence and Machine Learning at GMIT, Davangere.
Strong interest in applying AI/ML concepts to real-world problems.
Possess basic knowledge of Python, data analysis, and machine learning algorithms.
Eager to learn new technologies and enhance technical and problem-solving skills.

EXPERIENCE

Completed certifications in Python and Machine Learning, building a strong foundation in AI/ML concepts.
Worked on minor academic projects involving data analysis and basic machine learning models.
Gained hands-on experience with tools like Python, NumPy, Pandas, and basic visualization libraries.
Demonstrated ability to learn quickly and apply theoretical knowledge to practical problems.

CERTIFICATIONS

• Artificial Intelligence – Infosys Springboard (April 2026)
• Oracle Cloud Infrastructure 2025 AI Foundations Associate – Oracle (Sep 2025)
• Cybersecurity Analyst Job Simulation – Tata (Forage) (Aug 2025)
• 30 Days Python Module – Be10x (April 2025)

EDUCATION

- BACHELOR OF ENGINEERING IN ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING
  GM Institute of Technology (GMIT), Davangere
  Expected Graduation: 2027
- • Active member of technical and AI-related activities
  • Relevant coursework: Machine Learning, Data Structures, Python Programming
  • CGPA: 7.5

SKILLS

- Microsoft Word
- Python
- Data Visualization
- MongoDB

* Artificial Intelligence
*Machine learning
